Dear Colleagues,
Greetings!!!

A month-long fiesta wraps up as we bring to you the Grand Finale of Chitkara's Got Talent!!

The Office of Student Affairs started Chitkara's Got Talent spanning across the entire month of April, 2022. This competitive bonanza consisting of 11 sub events saw a humongous response from the entire university and various talents got the perfect stage! In this extravaganza, we saw dance, music, theatre, poetry, and whatever other talent that comes to your mind!! After filtering through the crowd and by sheer commitment, the best of the best have reached the finals. These shortlisted ones now have a greater chance at the golden jackpot of Rs. 2.5 Lacs and also get a once in a lifetime opportunity to feature in a web series of Punjab's biggest OTT platform, Chaupal!!

On this 27th April, 2022, we'll see these best trying to beat the rest!!

We extend our cordial welcome to you and request you to grace this event with your presence.

Come and witness the best of our talents, exploring their potential.

Note: We are attaching the schedule for your reference.

Date: 27th April, 2022

Venue: Exploretorium Hall

Chitkara's Got Talent – an event where students showcased their talent. Some were on-stage and some were off-stage.

As always, Maintenance and Administration teams got together for setting up the stage and venue. The three teams worked together. Administration team finalized the set up; but the implementation would have been impossible without support of Maintenance teams!!

For many events organized by the Office of Student Affairs, there is an involvement of C2S2 Club also – they were a part with Administration in this event too!!

HOW THE VENUE WAS SET

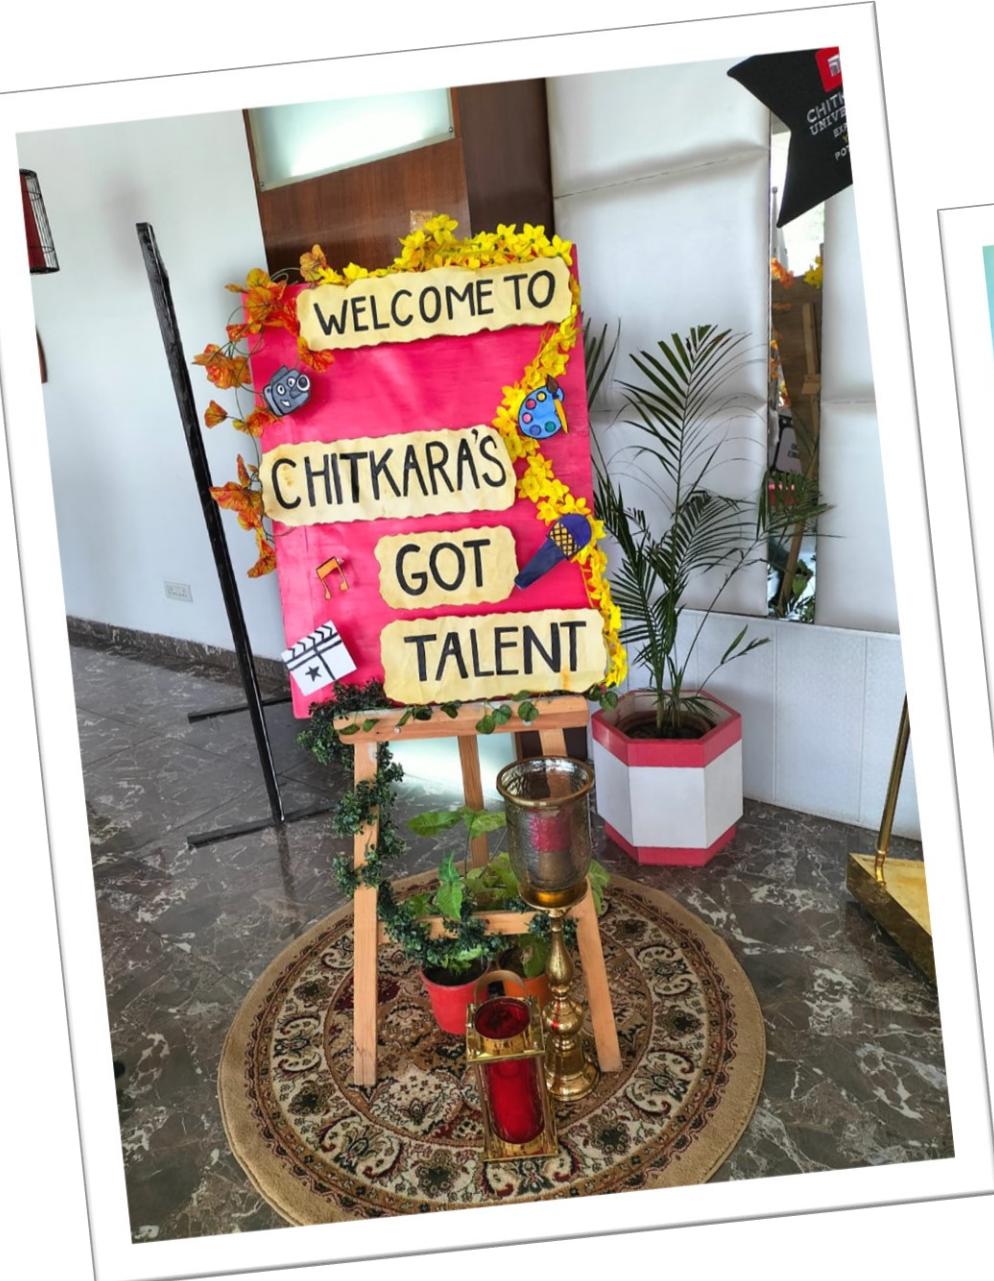

After discussions of C2S2 and Administration, the stage set up was finalised.

Some creatives for the set up were prepared by the students and some parts by the Maintenance.

To fix the creatives made by the students also the help of Maintenance teams were requested.

All work together , put forward suggestions and ideas and the final result emerged on the stage and at the venue!!

At the Entrance of the Exploretoium Hall...

Students participating for the on-stage competitions would perform today. But there were other students those who had already shown their talent and had won prizes for the competitions like photography, sketching, etc.,

It was felt that their talent should also be show-cased. So the award-winning works of students were displayed in pin-up boards all along the lobby.

The pin-up boards were beautifully done up by students of C2S2. The layout and fixing was done by the Administration and Maintenance Teams.

Exploretorium Lobby Area.....

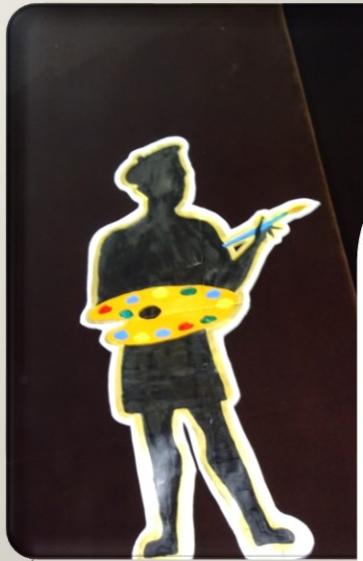

Doors for you to Explore your talent are open and always well lit at CHITKARAand you can chase your dreams as CHITKARA creates a beautiful world for you.....this was the idea...!!!

- Idea conceived by – Administration
- Frame created by – Maintenance (General)
- Design border by – OAD
- Electrical Connection by – Maintenance (Elec)
- Frame shifted by – Administration
- Frame fixed & Painted by – Maintenance (General)

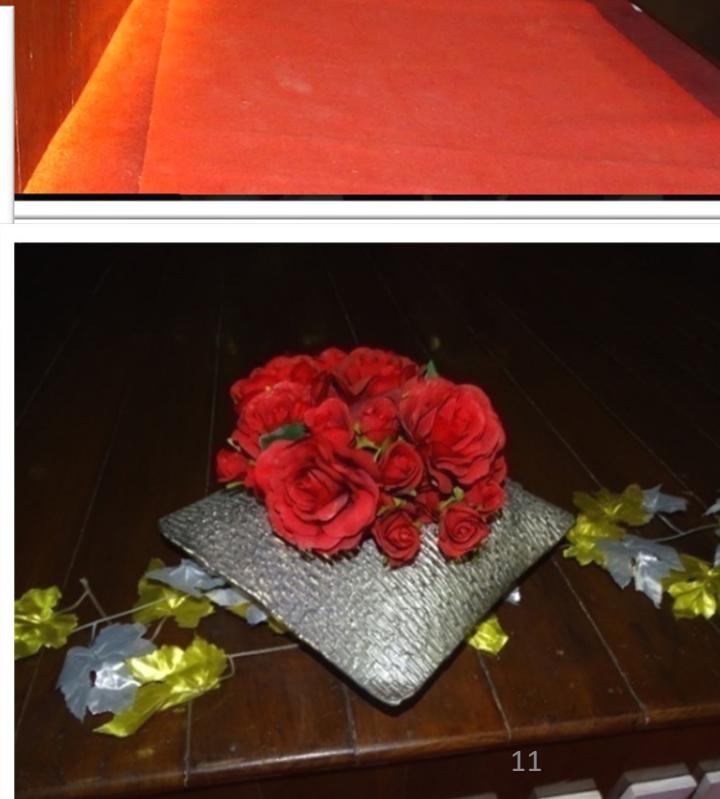

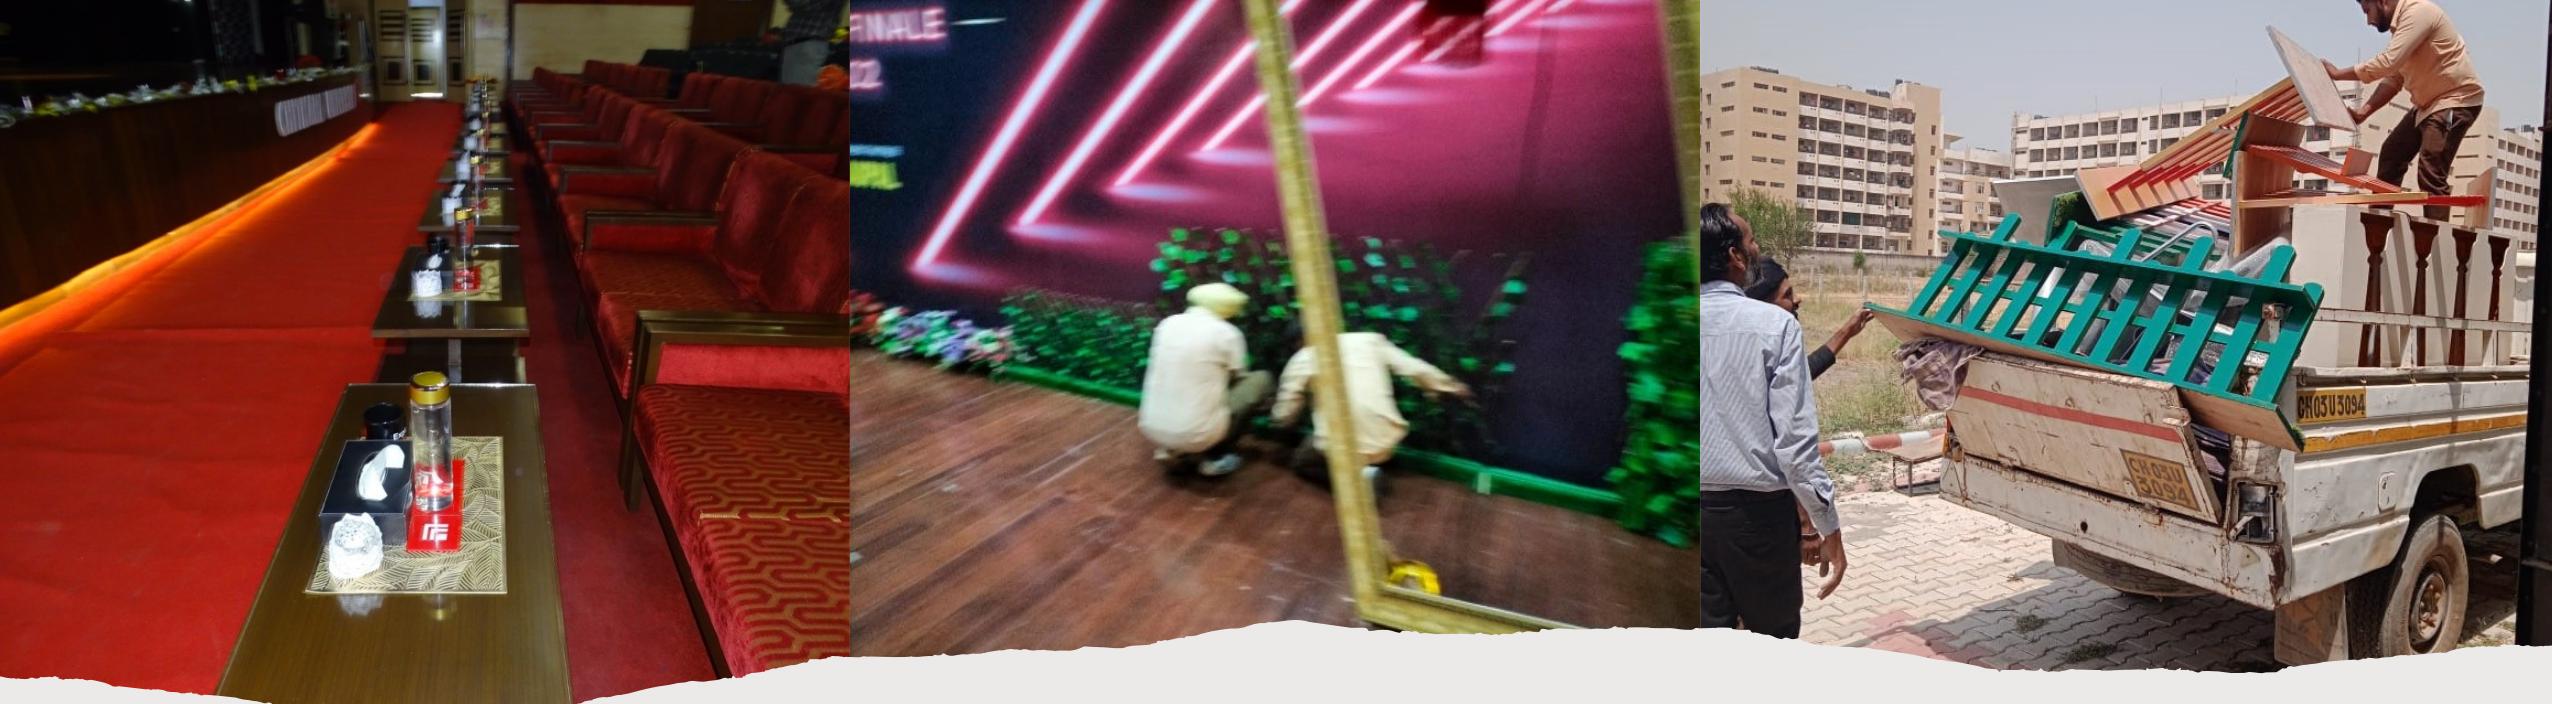

Artwork created by student
....and how it is used on the
stage ...

The help of Maintenance is
sort to have this fixed on to
the stage wings... .

The beautiful artwork
...created by student....gets
into the limelight ...when
fixed rightly by the
Maintenance staff...!!

- Activities by Administration starts from conceiving the idea to ensuring its execution with the required liaison with all concerned teams. Further there is a lot of shifting involved and the need to take care of minute details..... like cleaning the venue....placement of the decoration materials.... fixing of the props correctly the tables to be set for the guests as per the theme etc.,.
- Support of Maintenance is also sought for painting of various props that need to be placed on stage, correct lighting of the materials placed, fixing of the props etc.,.
- At the end of the day, what matters is if the venue looked good.... YES...the venue was done up well and looked stunning....!!!

Dear Colleagues,
Greetings!!!

After a very long period of waiting, the Office of Student Affairs, Chitkara University, Punjab is bringing for the 1st and 2nd year students the much desired fresher's party.

The fresher's party is going to be an evening full of joy, full of happy cackles and full of craziness!

The party starter is going to be the identification of Mr. & Ms. Chitkara Idol and the perfect curtain closer act is going to be immensely electric.

We bring you the chance to witness our campus turning into a concert with Bharat Bass Festival!!

We extend our cordial invite to you for coming down and witnessing the greatest party of the year, Bienvenu '22. We are attaching the schedule for the same for your reference.

Sr. No	Performance	Time	Venue
1.	Seating of Students	3:50 pm onwards	
2.	Welcome Speech	4:10PM-4:12PM	
3.	Introduction Theme + Rules	4:12 PM -4:15 PM	Exploretorium Hall

CHITKARA
UNIVERSITY

WELCOME FRESHERS

Bienvenue '22

Hiraeth: Your New Family Awaits You

For ***BIENVENUE***, which was on the next day of Chitkara's Got Talent, the setup of the stage was done keeping the theme in mind. Artistic students of C2S2 also contributed in the setup.

The doors of Chitkara was always open for them and would light their path as they explore their potential.

They should come out of their cocoons and turn out be the best butterflies by exploring their potential.

They should fly high like the kites but never let go of their mentors and guidance from Chitkara.... like the "*dories*" of the kites

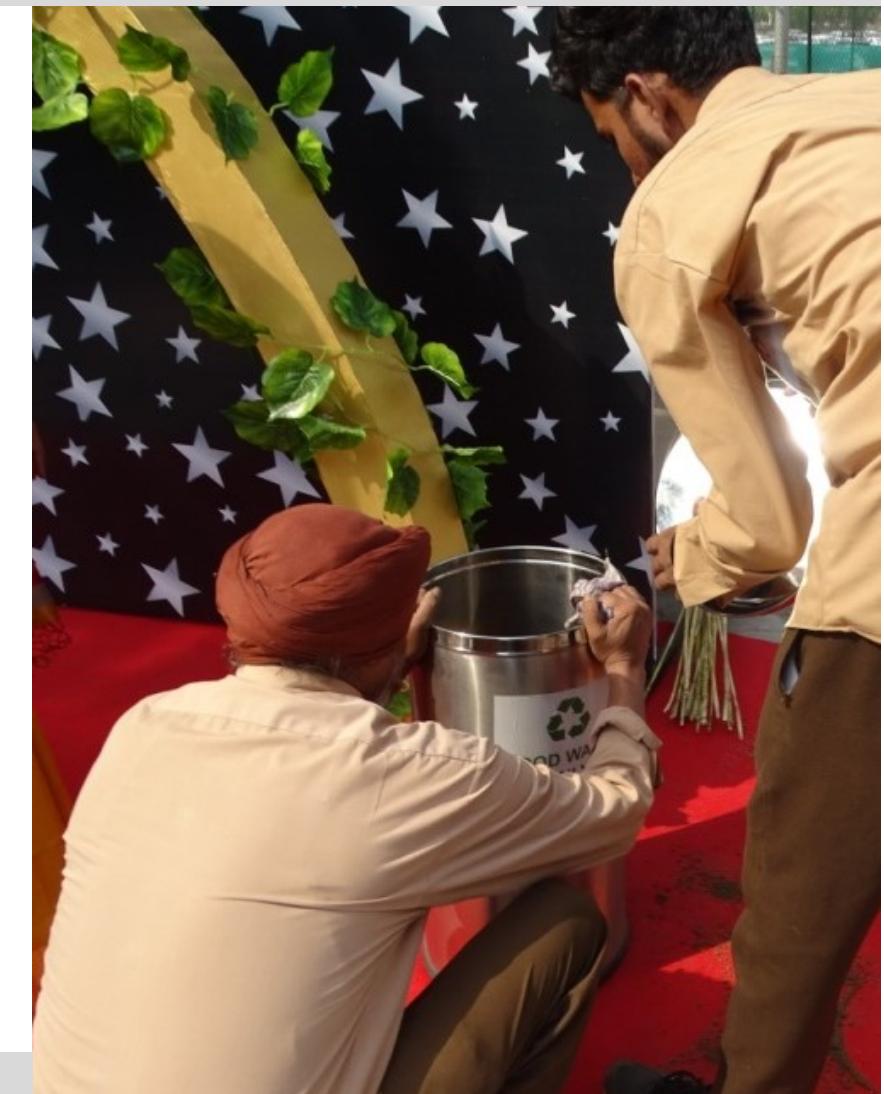

A photo booth created outside Exploretorium.... The idea conceived by Administration was made a reality with the help of Office of Architecture and Design, executed by Maintenance and finally set up through Administration... .

Hon'ble Pro Chancellor Dr. Madhu Chitkara , adding beauty to the booth !!!

Team Administration worked efficiently to get the stage ready and created all the props.....
